eelg | CHIESA APOSTOLICA | CENTRO REHOBOTH | MOUVEMENTPLUS | MISSIONPLUS

Price of the camp

The camp in Italy costs Euros 300.- (travel cost not included).

If you come from Switzerland to join the camp, a bus will be organized from Geneva via Bulle and Ticino to Udine and back. The travel cost is added to the camp price. However our churches and mission financial support should help us provide for that travel cost.

More information

Application

To apply to the camp, please visit our website www.mouvementplus.ch and click on 'Apply' to fill in the application form. Thanks!

Our mission :

We assemble young people for camps to experience pioneering fields of ministry and to take part in church planting projects across Europe.

Our vision :

Through our pioneers' camps, we aim to create a movement of youth ministry in church planting, starting in Italy, and then, from Italy to other places across Europe, in collaboration with MissionPlus and Chiesa Apostolica in Italia.

Our values :

- Faith – We progress, we advance and we work through camps, trusting in God for the impossible.
- Experimental – We keep learning as we move into new fields of ministry.
- Respect – We operate with the blessing of our local mission partners and collaborate with local churches, recognising their vision and supporting it.

Our partners :

MissionPlus / MouvementPlus / Chiesa Apostolica in Italia / Rehoboth / EELG / Adéla Academy

Our camp 2022

In the summer 2022 we commenced our first camp, with 30 young people mainly from the Bulle Network (MouvementPlus) in the Trentino region north of Verona. Another 10 youths from Italy took part in the week of evangelism and mission. A small group of Italian locals that were linked to the local Apostolic Church of Verona helped us in that project.

As a result of God's grace through that experience, a new church has now been planted and an evangelist called Dario from Roma, who was with us in the camp, moved with his family some months later to take care of that new church.

Our camp 2023

We have come to understand that the Apostolic Church in Udine (north east of Italy) would like to plant a new church the city of Monfalcone. Therefore, in agreement with the Apostolic Churches in Italy, we decided to organise our 2023 camp in Udine to reach Monfalcone.

We aim to have a maximum of 50 young people from Switzerland and France travel to Italy for this mission camp.

The camp in Udine-Monfalcone will cost each participant Euros 300.-.

Our aim financially is to have our transport costs (Geneva-Udine, service during the week and back to Geneva) sponsored by our national mission agency (MissionPlus), our churches partners and individual donators that will support one participant in particular through prayer and finances.

The transport costs for the 50 seat bus for the whole week is around CHF 9'750.- We budget

- MissionPlus : CHF 6'000.-
- Church movements (MvtPlus, EELG) : CHF 1'000.-
- Local churches and individual donators : CHF 3'000.-
